

Treasurer Nomination Acceptance

Emilio Jennette
Harrison Public Schools

I am very excited to be nominated for the position of Treasurer. As a past business owner, tax preparation professional (20 years+), and Title I. Director (4 years), I understand that to be successful, organizations must balance expenses and income. As Treasurer, I will work to spend responsibly on current and future programs/activities important to our members. To that end, I will work collaboratively with the executive committee and focus on the following: ensuring that the association operates in a fiscally sound manner and uses funds in a responsible manner that supports our mission and objectives; ensure that the associations finances remain transparent and accessible by continuing to provide communications that are clear and accurate; and to strategically plan finances for a sustainable future.

I believe passionately in the longstanding mission of NJAFPA. I am committed to strong stewardship of the association's finances and to policies and actions that result in NJAFPA's solid, sustained financial performance.

I am honored to have the opportunity to serve as treasurer NJAFPA.
